## TECHNICAL DATA SHEET

**ANTISTATIC NEOPRENE RUBBER**

**ESD / SAFE FOR STATIC DISCHARGE**

**SOLID RUBBER, SYNTHETIC MATERIAL.**

### ANTISTATIC NEOPRENE RUBBER - Technical Specification Data

**ANTISTATIC NEOPRENE RUBBER** Anti-static neoprene rubber is treated with an antistatic agent during manufacture. Neoprene antistatic sheets provide  $10^5 \Omega m$  conductive value making it an excellent choice for sensitive electronic components. Antistatic neoprene rubber prevents or inhibits the buildup of static electricity.
